

ANTI CYBER BULLYING POLICY

AIM

Ringwood Heights Primary School is committed to developing a safe environment where the students act respectfully and positively towards each other in acceptable and non-threatening ways

RATIONALE:

Young people have fully embraced the use of information and communication technologies to maintain contact with friends and make new ones. They send emails, create their own websites, post intimate personal news in blogs (online interactive diaries), send text messages and images via cell phones, message each other through IMs (instant messages), chat in chatrooms, post to discussion boards, and seek out new friends in teen community sites. While most interactions are positive, there are increasing reports of these technologies being used to harass and intimidate others. This has become known as cyber bullying.

DEFINITION: Cyber bullying is when someone is tormented, threatened, harassed, humiliated, embarrassed, or otherwise targeted by another child, pre-teen or teen using the Internet, interactive and digital technologies or mobile phones. It has to be a minor on both sides, or at least have been instigated by a minor against another minor. - www.stopcyberbullying.org
